Gold 113.
It is feared that the great Boston Jubilee will not prove a financial success.
The strike in New York will in many cases prove a failure.
Grant has been ill. D. D. by Harvard College.
Greely has been invited to Boston to attend the Jubilee.
Bonner's Joe Elliott has trotted a mile in 2:24 1/2, the fastest time on record.
The Board of Arbitration at Geneva, after deciding upon the question of indirect taxes adjourned until the 15th inst.
The Lancaster Gazette says that a hunter in Fairfield County, killed 142 squirrels with 19 rifle shots, and all in one day. Well, it's too hot to give our opinion of that story.
We learn on going to press that Mr. Bingham has been circulating hundreds of copies of the Cadiz Republican containing mis-statements concerning Danford, and his (Bingham's) own strength in Jefferson. We shall reply next week.
A lively contest is now going on between the Jacobites and the Camdenites of West Virginia. Camden is the regular nominee of the Democratic party, but his nomination was effected by unfair means. Republicans and honest Democrats will support Gov. Jacob for the Governorship.
We have been gathering the statistics of Greely's Republican support in this county. In the rural districts, none, Bolivar, Burnsville and St. Clairsville will average one each with a prospect of 188 of strength. This is certainly encouraging. Democrats in general will support Greely though hundreds will either vote for Grant, or remain away from the polls.
The Ohio Democratic Convention came off at Cleveland on last Thursday. The following ticket was nominated: Gen. Wiley, of Wooster, for Secretary of State; Judge J. L. Greene, of Franklin, for Supreme Judge; L. B. Riley, of Licking, for Board of Public Works. Several Liberal Republicans were present, but failed to get a candidate on the ticket. The Convention instructed State delegates in Baltimore to vote for Greely.
Hon. C. J. Albright, the most prominent Republican of this county, has publicly announced that he cannot support Mr. Bingham for Congress. We have heard several active Republicans of Cambridge express themselves in the same manner.—Guernsey Jeffersonian.
A great many Republicans in different parts of the District will vote against Bingham, provided a Liberal or Independent Republican is in the field against him.—Enterprise.
A Liberal Republican will receive little encouragement in this County, even if Bingham is nominated. A candidate professedly independent especially if he be a popular man, would doubtless command a respectable Republican vote.
The Herald of last week says that Bingham delegates will be elected by four townships in this County, namely: Colerain, Pease, York and Somerset. For the benefit of the Herald and Bingham's friends generally, we would say that Bingham stands no more chance of getting a delegate in either of the above townships than he does of carrying the county solid. Danford is the choice of the county without doubt. Upgradat's chances are next best and Bingham's not at all. We learn that Bingham's friends are making a raid upon the eastern portion of the county, but they had better spend their means where they will be better appreciated. We shall not estimate the strength of our candidate. We only say that his chances are far better than ever before and Bingham's are far worse. The latter's strength is in his own county. There is evidently a disaffection in Jefferson that will render any strong support for him very dubious. If Bingham has a great many votes in Cambridge, a nomination under such circumstances is a nomination under such circumstances. The remaining candidates are men less known and necessarily must work for such a position for sixteen years in Cambridge than he would scarcely secure himself. It is not the wearer of such honors should make no further effort.
We have been looking over the Register in the Auditor's Office and find some very unpleasant reminiscences for Ex-Auditor Clark and his clerks. The tax duplicate as made out by the year 1871-72 a wonderful piece of fabrication. The number of orders issued by the Auditor from the 10th of June to the 28th inclusive, was eighty-seven. Forty-eight of these were for refunding improper tax. There were no doubt that many who have paid their taxes have gone away without a careful examination of their receipts and who have overpaid. The errors were not intentionally made but through incompetency or carelessness alone. We have reason to believe that an equal number of errors were made where the tax fell short of the true amount and consequently thousands of dollars were lost to the County. The errors found upon the tax duplicate will render it necessary to revise some of them again. If the Democratic party does not desire to part in dividing the county either through dishonesty or carelessness incompetency, it must be because its idea of honesty differs from ours.
